**Exploring and Responding to  
*Kairos Palestine, A Moment of Truth:*  
An Urgent Call to Action  
from Christians in Palestine**

In 2009 Palestinian Christians issued a call to the world—*Kairos Palestine*—their word of faith, hope and love to Christians around the world. They ask us to “preserve the word of God as good news for all,” to support them in their suffering, and to stand with them in non-violent resistance to Israel’s occupation of their land. How can we respond to their cry?

This one-day Kairos workshop offers liberating insights, grounded in theology. Join with others who are passionate about justice, freedom and equality in the Holy Land. Learn the latest about the current situation in Israel and Palestine; hear from Palestinian Christians and others who are working for a just peace; make connections with issues of race and global social justice movements.
